Project Overview

The purpose of this project was to perform manual testing of the Demoblaze e-commerce website and evaluate the quality of its core functionality.

Scope of Testing

The following features were tested:

- User Registration
- User Login
- Product Categories
- Shopping Cart
- Checkout Process
- Contact Form
- Input Validation

Testing Types Performed

- Functional Testing
- Negative Testing
- Boundary Value Testing
- Usability Testing
- Validation Testing

Test Summary

Total Test Cases: 10

Defects Reported: 5

Test Cases Included

TC-001 Verify successful user registration with valid credentials

TC-002 Verify that the user can log in with valid credentials

TC-003 Verify that the user cannot log in with invalid credentials

TC-004 Verify that the user cannot log in with an empty password

TC-005 Verify username field behavior with extremely long input

TC-006 Verify that the "Phones" category filter displays only phone products

TC-007 Verify that the "Laptops" category filter displays only laptop products

TC-008 Verify that the "Monitors" category filter displays only monitor products

TC-009 Verify that the user can add a product to the cart

TC-010 Verify that the user can complete a purchase with valid order details

Defects Identified

BUG-001 Incorrect purchase date displayed in order confirmation popup

BUG-002 Order form accepts non-numeric input in Credit Card field

BUG-003 Next button opens All Products instead of the next Phones category page

BUG-004 Contact form accepts invalid email format

BUG-005 Checkout allows purchase without card expiration month and year

Conclusion

Testing identified several validation and navigation issues. While the core purchasing functionality is operational, improvements in input validation and category navigation would enhance overall user experience and data quality.

Recommendations:

- Implement stronger form validation.
- Restrict invalid payment data.
- Improve category pagination behavior.
- Validate email format in the Contact form.
- Verify date generation logic in order confirmation.

Detailed test cases

TC-001

Title: Verify successful user registration with valid credentials

Preconditions:

Website is accessible

Test Steps:

1. Navigate to <https://www.demoblaze.com>
2. Click the "Sign up" button
3. Enter a valid username
4. Enter a valid password
5. Click the "Sign up" button in the registration form

Test Data:

Username: testuser123@gmail.com

Password: Test123!

Expected Result:

User's account is successfully created, and a confirmation message is displayed.

Priority:

Medium

TC-002

Title: Verify that the user can log in with valid credentials

Preconditions:

Website is accessible.

User account already exists.

Test Steps:

1. Navigate to <https://www.demoblaze.com>
2. Click the "Log in" button
3. Enter a valid username
4. Enter a valid password
5. Click the "Log in" button in the login form

Test Data:

Username: testuser123@gmail.com

Password: Test123!

Expected Result:

The user is successfully logged into the account, and the username is displayed in the navigation bar.

Priority:

Medium

TC-003

Title: Verify that the user cannot log in with invalid credentials

Preconditions:

Website is accessible.

User account already exists.

Test Steps:

1. Navigate to <https://www.demoblaze.com>
2. Click the "Log in" button
3. Enter an invalid username
4. Enter a valid password
5. Click the "Log in" button in the login form

Test Data:

Username: testuser123

Password: Test123!

Expected Result:

The system rejects an incorrect username and displays a message: "User does not exist".

Priority:

Medium

TC-004

Title: Verify that the user cannot log in with an empty password

Preconditions:

Website is accessible.

User account already exists.

Test Steps:

1. Navigate to <https://www.demoblaze.com>
2. Click the "Log in" button

3. Enter a valid username
4. Leave the password empty
5. Click the "Log in" button in the login form

Test Data:

Username: testuser123@gmail.com

Password: <empty>

Expected Result:

The system rejects an empty password and displays a message: "Please fill out Username and Password".

Priority:

Medium

TC-005

Title: Verify username field behavior with extremely long input

Preconditions:

Website is accessible

Test Steps:

1. Navigate to <https://www.demoblaze.com>
2. Click the "Sign up" button
3. Enter a username with 500 characters
4. Enter a valid password
5. Click "Sign up"

Test Data:

Username: 500-character string

Password: Test123!

Expected Result:

The system handles long input correctly by either:

- limiting input length
- displaying a validation message
- preventing registration

Priority:

Medium

TC-006

Title: Verify that the "Phones" category filter displays only phone products

Preconditions:

Website is accessible

Test Steps:

1. Navigate to <https://www.demoblaze.com>
2. Click the "Phones" category

Expected Result:

Only products belonging to the Phones category are displayed.

Products from Laptops and Monitors categories are not displayed.

Priority:

Medium

TC-007

Title: Verify that the "Laptops" category filter displays only laptop products

Preconditions:

Website is accessible.

Test Steps:

1. Navigate to <https://www.demoblaze.com>
2. Click the "Laptops" category

Expected Result:

Only products belonging to the Laptops category are displayed.

Products from the Phones category are not displayed.

Products from the Monitors category are not displayed.

The page updates successfully without errors.

Priority:

Medium

TC-008

Title: Verify that the "Monitors" category filter displays only monitor products

Preconditions:

Website is accessible.

Test Steps:

1. Navigate to <https://www.demoblaze.com>
2. Click the "Monitors" category.

Expected Result:

Only products belonging to the Monitors category are displayed.
Products from the Phones category are not displayed.
Products from the Laptops category are not displayed.
The page updates successfully without errors.

Priority:

Medium

TC-009

Title: Verify that the user can add a product to the cart

Preconditions:

Website is accessible.

Test Steps:

1. Navigate to <https://www.demoblaze.com>
2. Click on the "Samsung galaxy s6" product.
3. Click the "Add to cart" button.

Expected Result:

A confirmation message "Product added" is displayed.
The selected product is successfully added to the shopping cart.

Priority:

High

TC-010

Title: Verify that the user can complete a purchase with valid order details

Preconditions:

Website is accessible.

At least one product has been added to the cart.

Test Steps:

1. Navigate to <https://www.demoblaze.com>
2. Click the "Cart" link.

3. Click the "Place Order" button.
4. Enter a valid Name.
5. Enter a valid Country.
6. Enter a valid City.
7. Enter a valid Credit Card number.
8. Enter a valid Month.
9. Enter a valid Year.
10. Click the "Purchase" button.

Name: Test User

Country: United States

City: Test City

Credit Card: 4111111111111111

Month: 12

Year: 2030

Expected Result:

A confirmation message "Thank you for your purchase!" is displayed.

Purchase details (amount, card number, date, and order ID) are displayed.

The order is completed successfully.

Priority:

High

Detailed bug reports

BUG-001

Title: Incorrect purchase date displayed in order confirmation popup

Environment: Chrome 148.0.7778.178 / Windows 10

Preconditions: Website is accessible

Steps to reproduce:

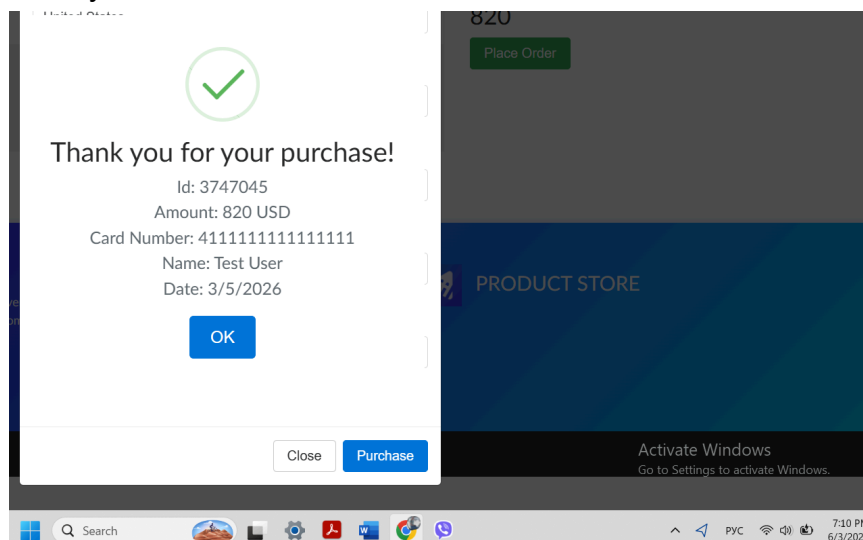

1. Navigate to <https://www.demoblaze.com>
2. Open product "Nokia Lumia 1520"
3. Click "Add to cart"
4. Navigate to Cart
5. Click "Place Order"
6. Fill in required fields:
Name: Test User
Country: United States
City: Test City
Credit Card: 4111111111111111
Month: 12
Year: 2030
7. Click "Purchase"
8. Observe the order confirmation popup

Expected result: Order confirmation popup displays the correct current purchase date.

Actual result: Order confirmation popup displays incorrect purchase date.

Severity: Medium

Priority: Medium

BUG-002

Title: Order form accepts non-numeric input in Credit Card field

Environment: Chrome 148.0.7778.178 / Windows 10

Preconditions: Website is accessible

Steps to reproduce:

1. Navigate to <https://www.demoblaze.com>
2. Open product "Nokia Lumia 1520"
3. Click "Add to cart"
4. Navigate to Cart
5. Click "Place Order"
6. Fill in required fields:
Name: Test User
Country: United States
City: Test City
Credit Card: abcdefghij
Month: 12
Year: 2030
7. Click "Purchase"
8. Observe the order confirmation popup

Expected result: The system should validate Credit Card field and prevent order submission when invalid input is entered.

Actual result: Order is successfully completed despite invalid credit card input.

Severity: Medium

Priority: High

Thank you for your purchase!

Id: 4030345

Amount: 820 USD

Card Number: abcdefghij

Name: Test User

Date: 3/5/2026

OK

BUG-003

Title: Next button opens All Products instead of the next Phones category page

Environment: Chrome 148.0.7778.178 / Windows 10

Preconditions: Website is accessible

Steps to reproduce:

1. Navigate to <https://www.demoblaze.com>
2. Click the "Phones" category
3. Verify that only phone products are displayed
4. Scroll down to the bottom of the page
5. Click the "Next" button

Expected result: The next page within the Phones category should open. If there are no additional phone products, the "Next" button should not be displayed or should be disabled.

Actual result: The second page of All Products opens instead.

Severity: Medium

Priority: Medium

BUG-004

Title:

Contact form accepts invalid email format

Environment:

Chrome 148.0.7778.178 / Windows 10

Preconditions:

Website is accessible

Steps to reproduce:

1. Navigate to <https://www.demoblaze.com>
2. Click the "Contact" button
3. Fill in the form fields with the following data:

Contact Email: 123456789

Name: Test User

Message: Hello

4. Click the "Send message" button

Expected result:

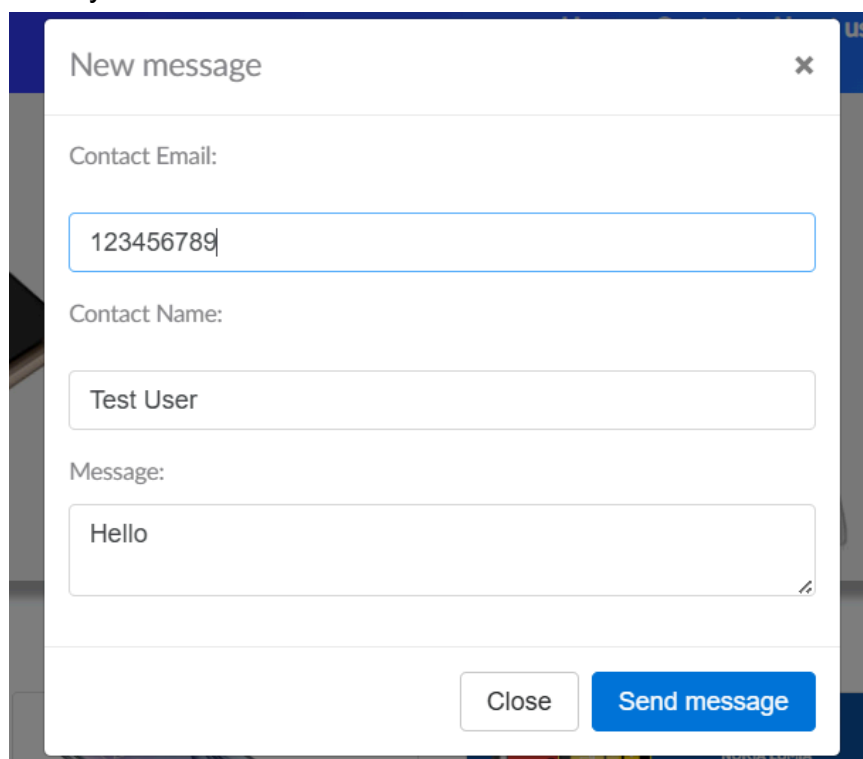

System validates email format and prevents message submission when invalid email is entered.

Actual result:

Message is successfully submitted, and a confirmation message "Thanks for the message!!" is displayed.

Severity: Medium

Priority: Medium

The screenshot shows a 'New message' dialog box with a close button (X) in the top right corner. It contains three input fields: 'Contact Email' with the value '123456789', 'Contact Name' with the value 'Test User', and 'Message' with the value 'Hello'. At the bottom, there are two buttons: 'Close' and 'Send message'.
